The board of regents shall allocate the appropriations to individual university system units, as defined in 17-7-102(13), according to board policy.

The Montana university system, except the office of the commissioner of higher education and the community colleges, shall provide the office of budget and program planning and the legislative fiscal division banner access to the entire university system's banner information system, except for information pertaining to individual students or individual employees that is protected by Article II, sections 9 and 10, of the Montana constitution, 20-25-515, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana university system shall provide the electronic data required for human resource data for the current unrestricted operating funds into the MBARS system. The salary and benefit data provided must reflect approved board of regents operating budgets.

If House Bill No. 645 does not include $58,014 of general fund money in fiscal year 2010 and $57,893 of general fund money in fiscal 2011 to fund the present law increase for the distance learning program in the office of the commissioner of higher education, then OCHE — Administration is increased by $58,014 of general fund money in fiscal year 2010 and by $57,893 of general fund money in fiscal year 2011.

The general fund appropriation for each community college provides 49.9% of the total audit costs in the 2009 biennium. The remaining 50.1% of these costs must be paid from funds other than those appropriated for OCHE — Community College Assistance. Audit costs for the biennium may not exceed $28,900 for Dawson, $28,900 for Miles, and $23,900 for Flathead Valley community college.

OCHE — Community College Assistance includes a reduction in general fund money of $174,609 in fiscal year 2010 and $174,610 in fiscal year 2011. The agency may allocate these reductions in funding among programs when developing 2011 biennium operating plans.

The variable cost of education for each full-time equivalent student at the community colleges, including Summitnet, is $2,194 for each year of the 2009 biennium. The remaining percentage of the budget must be paid from funds other than those appropriated in House Bill No. 2 or House Bill No. 645.

The sum of the general fund appropriation for OCHE — Community College Assistance in [this act], the general fund appropriation for Community College Assistance — Restore to Governor's December 15 Budget in House Bill No. 645, and the federal special revenue appropriation for Community Colleges Tuition Mitigation in House Bill No. 645 is calculated to fund education in the community colleges for an estimated 2,434 resident FTE students in fiscal year 2010 and 2,535 resident FTE students in fiscal year 2011. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated number for the biennium, the community colleges shall revert general fund money to the state in accordance with 17-7-142.

IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-306, MCA, is amended to read:

"2-4-306. Filing, format, and adoption and effective dates — dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule if the rule is adopted by the agency.

(4) ~~Each~~ *Subject to subsection (6), each* rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under 2-4-305(9), the committee meets and under 2-4-406(1) objects to all or some portion of a proposed rule before the proposed rule is adopted, the proposed rule or portion of the proposed rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state, unless, following the committee's objection under 2-4-406(1):

(i) the committee withdraws its objection under 2-4-406 before the proposed rule is adopted; or

(5) ~~An~~ *Subject to subsection (6), an* agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency's lawful authority.

(6) For purposes of implementing and complying with the American Recovery and Reinvestment Act of 2009, Public Law 111-5, an agency may adopt and implement a rule retroactive to February 17, 2009, provided that the retroactive applicability date is clearly stated in the agency's proposed and adopted rule."

HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENCOURAGING CONGRESS TO INCREASE GUBERNATORIAL AUTHORITY WITH RESPECT TO HAZARDOUS FUELS EMERGENCIES AND REDUCTION.

WHEREAS, according to the Montana Legislature's Fire Suppression Interim Committee, with limited state resources and current fuel and climatic conditions, it is likely that communities in Montana will burn and that firefighters and members of the public will be seriously injured or killed; and

WHEREAS, the contributing factors of drought, extensive tree mortality due to insect infestation, and current federal land management policies that allow for extensive accumulations of biomass make Montana's forest lands highly susceptible to catastrophic and environmentally destructive wildfires that threaten public health, safety, and welfare; and

WHEREAS, U.S. Department of the Interior research has confirmed that reducing hazardous biomass fuels away from communities limits the risk of catastrophic wildfires; and

WHEREAS, reducing and using biomass has multiple benefits outside of wildfire mitigation, including alternative energy generation; and

WHEREAS, legislation is needed granting a governor authority to declare a crisis when the severity of fire danger from fuels on identified federal lands within that state poses a significant threat to public health and safety or there would be a probable loss of homes and property if wildfires occur; and

WHEREAS, upon the declaration of a crisis, responsible federal agencies should expedite a mitigation plan to reduce forest fuels, mitigation planning should be excluded under the National Environmental Policy Act appeal process, and any claimant filing a court action against the plan should be required to post a damage bond of 10% of the value of the property that would be protected under a mitigation plan; and

WHEREAS, adoption of these proactive hazardous fuels emergency measures will enhance Montana's ability to manage hazardous fuels in order to reduce the risk of catastrophic and environmentally destructive wildfires.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Congress enact legislation increasing gubernatorial authority with respect to hazardous fuels emergencies and reduction.

(2) That the Secretary of State send copies of this resolution to the President of the United States; the Western Governors' Association; the Montana Congressional Delegation; and the National Association of Counties.

HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE SUPERINTENDENT OF PUBLIC INSTRUCTION AND THE BOARD OF PUBLIC EDUCATION TO WORK WITH THE EDUCATION AND LOCAL GOVERNMENT INTERIM COMMITTEE ON DEVELOPING K-12 SHARED POLICY GOALS AND ACCOUNTABILITY MEASURES THAT CAN BE USED BY LEGISLATORS, THE EDUCATION COMMUNITY, AND THE PUBLIC TO EVALUATE PROGRESS TOWARD THE GOALS AND USED BY THE MONTANA LEGISLATURE TO GUIDE ITS FUNDING DECISIONS.

WHEREAS, Article VIII, section 12, of the Montana Constitution vests the Legislature with the responsibility to ensure strict accountability of all revenue received and money spent by the state, counties, cities, and all other local governmental entities; and

WHEREAS, Article X, section 9, of the Montana Constitution states that the Board of Public Education shall exercise general supervision over the public school system; and

WHEREAS, section 20-3-106, MCA, grants supervision of certain aspects of the public schools and districts of the state to the Superintendent of Public Instruction; and

WHEREAS, entities of the education system have increasingly, and to positive effect, shared leadership between themselves and with the Education and Local Government Interim Committee; and

WHEREAS, agreement upon shared policy goals and accountability measures for the K-12 public education system, agreed upon by the Superintendent of Public Instruction, Board of Public Education, and Education and Local Government Interim Committee, would represent an important advance in interagency cooperation and the quality of education policymaking; and

WHEREAS, shared policy goals must be systematically tied to accountability measures in order to ensure timely and effective implementation of policies.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That shared policy goals and corresponding accountability measures be identified and developed by the Superintendent of Public Instruction and Board of Public Education in consultation with the Education and Local Government Interim Committee.

HOUSE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE IMMEDIATE MODIFICATION OF INEFFECTIVE FEDERAL LAND MANAGEMENT AND WILDFIRE POLICIES IN ORDER TO PROTECT THE HEALTH, SAFETY, AND WELFARE OF MONTANA'S COMMUNITIES.

WHEREAS, according to the Montana Legislature's Fire Suppression Interim Committee, with limited state and federal resources and current fuel

and climatic conditions, it is likely that communities in Montana will burn and that firefighters and members of the public will be seriously injured or killed; and

WHEREAS, the contributing factors of drought, extensive tree mortality due to insect infestation, and ineffective federal land management policies that allow for extensive accumulations of biomass make Montana's forest lands highly susceptible to catastrophic and environmentally destructive wildfires that put Montana communities in imminent danger; and

WHEREAS, without safe and aggressive initial attack on wildfires on all federal lands that have the potential to move to state or private land, the public health, safety, and welfare is threatened, the state's fire suppression costs will substantially increase, and damage to property and natural resources will continue to grow.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Congress and the President of the United States immediately modify federal land management and wildfire policies to ensure that:

(a) there is safe and aggressive initial attack on wildfires on all federal lands if there is a potential for the fire to move to state or private land;

(b) state and local governments may actively engage in land and wildfire management operations on federal land in order to protect the public health, safety, and welfare; and

(c) federal forest road closures that may restrict access to areas for wildland fire suppression be minimized.

(2) That the Secretary of State send copies of this resolution to the President of the United States, the Montana Congressional Delegation, the Secretary of Agriculture, the Secretary of the Interior, the Chief of the United States Forest Service, the Regional Forester of the United States Forest Service Region 1, and the Director of the Bureau of Land Management.

HOUSE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENDORSING THE OPPORTUNITY PROVIDED BY RICHLAND COUNTY TO CREATE A COMBINED FACILITY FOR THE RICHLAND COUNTY EXTENSION OFFICE AND THE MONTANA STATE UNIVERSITY MONTANA AGRICULTURAL EXPERIMENT STATION AT THE EASTERN AGRICULTURAL RESEARCH CENTER, SIDNEY, MONTANA.

WHEREAS, the Richland County Commissioners have concluded that the local community and the region would be best served by joining the functions and facilities of the Richland County Extension Office with the MAES Eastern Agricultural Research Center; and

WHEREAS, the State of Montana can provide a land lease to Richland County through existing authorities and procedures with the Montana Board of Regents or the State Land Board, or both; and

WHEREAS, the Richland County Commissioners have agreed to provide all financial resources necessary to fund the construction of the $700,000 building for the Richland County Extension Service, including offices, support rooms, a large meeting room, and shared lobby space, connected to the research facility.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the combined MAES Eastern Agricultural Research Center and Richland County Extension Office would serve to provide enhanced efficiencies and improved research and education opportunities for eastern Montana and the citizens of Montana; and

(2) That the Legislature authorizes construction of a $700,000 building for the Richland County Extension Office if, in addition to the $700,000 for construction, an agreement is signed between the Board of Regents and Richland County that ensures payment of all associated operating and maintenance costs by Richland County for the life of the building or until the building is sold; and

WHEREAS, following finalization of the regulations by the Department of the Interior, several groups filed suit in federal court in Washington, D.C., in an attempt to block the updated regulations, including the Brady Campaign to Prevent Gun Violence, the National Parks Conservation Association, and the Coalition of National Park Service Retirees.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Senate and the House of Representatives strongly support the updated regulation by the U.S. Department of the Interior regarding the possession and transportation of firearms in national park areas and national wildlife refuges and ardently oppose the attempts to block the updated federal regulation in federal court.

(2) That the updated federal regulation be affirmed as more consistent with Montana culture and Montana law than the prior regulation.

(3) That the Montana Attorney General, if the Attorney General determines that the Attorney General has standing, be strongly urged to intervene on behalf of the state and Montana citizens in the lawsuits filed to block the updated federal regulation in order to assert and protect the rights and prerogatives of the people of Montana.

HOUSE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO EVALUATE THE FEASIBILITY OF AND FUNDING SOURCES FOR A MONETARY INCENTIVE PROGRAM TO ENCOURAGE AND COMPENSATE PRIVATE LANDOWNERS WHO GRANT PUBLIC ACCESS TO THEIR PROPERTY FOR RECREATIONAL AND TOURISM-RELATED ACTIVITIES.

WHEREAS, recreational and tourism-related activities, including access to public and private lands for camping, picnicking, canoeing, viewing wildlife and scenery, boating, hiking, bicycling, and four-wheeling, are of great benefit to all Montanans and the state economy; and

WHEREAS, a respectful balance should be struck between the goals of providing public access and preserving private property rights; and

WHEREAS, there is concern that public access to an increasing number of private acres is in jeopardy, as private landowners utilize other income generators on their property that preclude allowing public access for recreational and tourism-related activities; and

WHEREAS, providing monetary incentives to private landowners has proven an effective tool through the block management and hunting and fishing access enhancement programs of the Department of Fish, Wildlife, and Parks to secure public access for hunters and anglers; and

WHEREAS, providing monetary incentives to private landowners who grant public access for recreational and tourism-related activities could be an effective tool for enhancing these opportunities in the state, as well as a less expensive alternative to current state efforts to obtain public access by purchasing property or easements that allow public access to private property.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to evaluate the feasibility of and possible funding sources for creating a program, similar in mission to the block management and hunting and fishing access enhancement programs of the Department of Fish, Wildlife, and Parks, that would provide monetary incentives on a per-user-day basis to private landowners who grant public access to their property for recreational and tourism-related activities.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2010.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 62nd Legislature.

HOUSE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO EXAMINE THE USE OF MEDICATION AIDES IN NURSING HOMES AND TO PROVIDE A REPORT TO THE 62ND LEGISLATURE.

WHEREAS, nursing homes in Montana are experiencing a shortage of licensed nursing staff, particularly in the state's most rural communities; and

WHEREAS, the shortage is likely to only worsen as the baby boom generation continues to age and to seek health care services; and

WHEREAS, facilities are turning to agencies that supply traveling nurses to staff uncovered shifts in a practice that is not only expensive but also affects the delivery of care because the nurses are not familiar with the residents for whom they are caring; and

WHEREAS, to ensure availability of staff to provide care, there is a need to revise the service delivery in nursing homes to use resources that are available in Montana; and

WHEREAS, many states have developed a program of education, training, and certification to allow unlicensed assistive personnel, including certified nursing assistants, to become medication aides who are able to administer medications in nursing homes; and

WHEREAS, the establishment of this level of health care worker may help relieve the nursing shortage and improve the quality of care for nursing home residents by taking pressure off licensed nurses and providing them with more time for assessment and other complex nursing functions, by having medication aides who know the residents administer medications instead of traveling nurses who are not familiar with the residents, and by improving retention and recruitment of certified nursing assistants through a career ladder approach; and

WHEREAS, establishing a nursing home medication aide program in Montana is a complex situation that requires study to obtain information from and cooperation among multiple agencies and organizations; and

WHEREAS, a study of this nature is best accomplished with the assistance of parties that will be involved in regulating nursing homes, nursing services, and medication aides and with the assistance of service providers, professionals, consumers, and advocacy groups who hold vital information.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Public Health and Human Services work in cooperation with the Department of Labor and Industry, the Board of Nursing, and other stakeholders to examine the use of medication aides in nursing homes and to develop a report for the 2011 Legislature that would discuss all provisions necessary for the safe and effective use of medication aides in nursing homes.

BE IT FURTHER RESOLVED, that the study should include but is not limited to:

(1) identifying other states where the use of medication aides is allowed in nursing homes in order to obtain and review information from those states about:

(a) the qualifications of medication aides, including the level and type of education and training required;

(b) the level of supervision by licensed nurses that may be required for medication aides;

(c) the restrictions on the types of medications or routes of medication administration for medication aides;

(d) the liability and licensure issues related to supervision by licensed nurses;

(e) any study, evaluation, or analysis completed by other states related to the use of medication aides;

(f) the problems encountered and successes achieved in the use of medication aides;

(g) the structure for the regulation and licensure or certification of medication aides; and

(h) other information considered pertinent to the study; and

(2) obtaining and reviewing information from appropriate state or national organizations related to the use of medication aides, including but not limited to the National Council of State Boards of Nursing and the American Society of Consultant Pharmacists.

BE IT FURTHER RESOLVED, that the Department of Public Health and Human Services in cooperation with the Department of Labor and Industry and the Board of Nursing identify and include in the study and in the development of any report the affected parties and stakeholders, including individuals or associations representing nursing homes, nurses, and medication aides, as well as other service providers and professionals, consumers, and advocacy groups.

BE IT FURTHER RESOLVED, that the Department of Public Health and Human Services report at least quarterly to the Children, Families, Health, and Human Services Interim Committee on the status of the study and that the Department prepare a final report, including any findings, conclusions, comments, or recommendations for the 62nd Legislature.

WHEREAS, controversy over bonuses called attention to the topic of bonus payments for state employees and resulted in the introduction of three bills to restrict bonuses for certain types of employees and at certain times; and

WHEREAS, the three bills were House Bill No. 358 by Representative Bergren, House Bill No. 576 by Representative Warburton, and House Bill No. 594 by Representative Hunter; and

(e) develop conclusions and offer recommendations, including any necessary implementing legislation, on how best to meet the policy goals listed in subsection (2) with respect to bonuses.

HOUSE JOINT RESOLUTION NO. 36

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF HOW TO ENHANCE ECONOMIC SECURITY OF MONTANANS THROUGH FAMILY ASSET BUILDING, EDUCATION IN HOME OWNERSHIP AND PERSONAL FINANCE, AND DEVELOPMENT OF SMALL BUSINESSES.

WHEREAS, the current economic conditions in the country and this state have increased unemployment to a seasonally adjusted 5.6% in January 2009 from a low of 3.3% in 2006, a situation aggravated, in part, by national conditions related to home mortgage problems, misuse of credit, and lack of personal savings; and

WHEREAS, a study by the University of Montana Bureau of Business and Economic Research for Montana Kids Count indicated that in 2006, through no fault of their own, 8% of Montana's children were in extreme poverty in families at 50% of the federal poverty level; and

WHEREAS, the Legislature recognizes that wealth in families goes beyond financial wealth but that lack of income in and of itself is associated with societal ills such as crime, a higher dropout rate, an inability to pursue an education that maximizes potential earnings, food insecurity, and an inability to access child care that allows single parents in particular to work at a full-time job with benefits; and

WHEREAS, the Legislature supports policies that empower not just the families shaken by current economic conditions but all those in long-term poverty and all Montana families and children who need tools that can build economic self-sufficiency and full participation in the Montana economy; and

WHEREAS, the current economic conditions and concerns about the future stability of Social Security benefits underscore the need for personal retirement savings so that all families have access to the so-called three-legged stool of retirement support: pensions, Social Security, and personal retirement or savings accounts; and

WHEREAS, better coordination of services among public, private, and nonprofit entities has the potential to expand resources used to boost family security in Montana and reduce poverty.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to examine the tools that public and private partnerships can provide to improve economic self-sufficiency, reviewing particularly policies related to:

(1) building family assets, including the use of individual development accounts to promote home ownership, decrease debt, increase personal savings, and appropriately use and access credit;

(2) workforce development, including increased education, training, and retraining in combination with economic development opportunities;

(3) state regulation of credit, lending, and credit counseling; and

(4) private, local, and state services or social support systems that provide a safety net for families not yet able to build assets, retrain, or access credit of any kind.

BE IT FURTHER RESOLVED, that the study:

(1) examine ways to increase effective delivery of services to those in poverty;

HOUSE JOINT RESOLUTION NO. 39

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN INTERIM COMMITTEE STUDY THE DEVELOPMENT OF ADDITIONAL COMMUNITY SERVICES FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES AND CO-OCCURRING MENTAL ILLNESS OR CERTAIN BEHAVIORS.

WHEREAS, the Montana Legislature has passed statutes with the purpose, as stated in section 53-20-101, MCA, of providing developmentally disabled individuals with services that whenever possible will help them live in their communities in the least restrictive environment possible; and

WHEREAS, individuals with developmental disabilities who have mental illnesses also need to be served with care and compassion in the least restrictive environment that serves the individuals and the community; and

WHEREAS, studies in previous legislative interims have addressed issues regarding services for mentally ill Montanans, but have not addressed the specific issue of serving persons with developmental disabilities who also have mental illness; and

WHEREAS, developmentally disabled people who also are mentally ill may exhibit challenging or aggressive behaviors that put them at risk of involvement in the criminal justice system, where they are unlikely to receive the treatment and habilitation services they need and where they are at risk of victimization by other suspected and convicted offenders; and

WHEREAS, the Montana Legislature has an interest in reviewing community services for people with developmental disabilities who have mental illness or challenging or aggressive behaviors and in providing a forum for stakeholders to discuss options that may provide both urban and rural communities with flexibility in providing services, based on their varying levels of resources.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study and monitor the development of community services for developmentally disabled children and adults with mental illness across the state and to respond to any underlying issues that have limited the development of community services.

BE IT FURTHER RESOLVED, that the committee include in its study of community services the following topics:

(1) the ways in which community services should be planned for, prioritized, developed, and provided at the community level;

(2) the types of community services that should be provided and the populations they could appropriately serve;

(3) ways to encourage cooperation between and within communities in the planning, development, and provision of community services;

(4) funding and cost considerations in the provision of community services;

(5) the ways in which individuals may be identified and served in the community at the youngest possible age; and

(6) any other topics identified by the committee.

BE IT FURTHER RESOLVED, that the study engage the public and relevant stakeholders, including the Department of Public Health and Human Services and Department of Corrections, to identify any barriers to providing services and to develop findings and recommendations for the next legislative session.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2010.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 62nd Legislature.

(2) A majority of representatives voting elects the Speaker and Speaker pro tempore from the House membership. A majority of each caucus voting nominates House members to the remaining offices, and those nominees are considered to have been elected by a majority vote of the House.

(3) (a) "Majority leader" means the leader of the majority party, elected by the caucus as provided in 5-2-221.

(b) "Majority party" means the party with the most members, subject to subsection (4).

(3) A legislative aide must be of legal age unless otherwise approved by the House Rules Committee.

(4) The Sergeant-at-Arms shall issue distinctive identification tags to legislative aides. The cost must be paid by the sponsoring representative.

H10-130. Legislative interns. A legislative intern is a person designated under Title 5, chapter 6, MCA.

H10-140. House journal. (1) The House shall keep a journal, which is the official record of House actions (Montana Constitution, Art. V, Sec. 10). The journal must be prepared under the direction of the Speaker.

H10-160. Duration of legislative day. A legislative day ends either 24 hours after the House convenes for that day or at the time the House convenes for the following legislative day, whichever is earlier. (See Joint Rule 10-20.)

CHAPTER 2

Decorum

H20-10. Addressing the House — recognition. (1) When a member desires to speak to or address any matter to the House, the member should rise and respectfully address the Speaker or the presiding officer.

(2) The Speaker or presiding officer may ask, "For what purpose does the member rise?" or "For what purpose does the member seek recognition?" and

may then decide if recognition is to be granted. There is no appeal from the Speaker's or presiding officer's decision.

H20-20. Questions of order and privilege. (1) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative seconded by two representatives. The question on appeal is, "Shall the decision of the chairman be sustained?".

(2) Responses to parliamentary inquiries and decisions of recognition may not be appealed.

(3) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(4) A member may not address the House on a question of privilege between the time:

(a) an undebatable motion is offered and the vote is taken on the motion;

(b) the previous question is ordered and the vote is taken on the proposition included under the previous question; or

(c) a motion to lay on the table is offered and the vote is taken on the motion.

H20-30. Limits on lobbying. Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session.

H20-40. Admittance to the House floor. (1) The following persons may be admitted to the House floor during a daily session: present and former legislators; legislative employees necessary for the conduct of the session; accredited news staff; and members' spouses and children. The Speaker may allow exceptions to this rule.

(2) Only a member may sit in a member's chair when the House is in session.

H20-50. Dilatory motions or questions. The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House.

H20-60. Lobbying by employees. (1) A legislative employee, intern, or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker may discipline or discharge any House employee violating this prohibition. The Speaker may withdraw the privileges of any House aide or intern violating this prohibition.

H20-70. Papers distributed on desks. A paper concerning proposed legislation may not be placed on representatives' desks unless it is authorized by a member and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution. This restriction does not apply to material prepared by staff and placed on a representative's desk at the request of the representative.

H20-80. Violation of rules. (1) If a member, in speaking or otherwise, violates the rules of the House, the Speaker shall, or the majority or minority

leader may, call the member to order, in which case the member called to order must be seated immediately.

(2) The member called to order may move for an appeal to the House and if the motion is seconded by two members, the matter must be submitted to the House for determination by majority vote. The motion is nondebatable.

(3) If the decision of the House is in favor of the member called to order, the member may proceed. If the decision is against the member, the member may not proceed.

(4) If a member is called to order, the matter may be referred to the Rules Committee by the majority or minority leader. The Committee may recommend to the House that the member be censured or be subject to other action. The House shall act upon the recommendation of the Committee.

CHAPTER 3

Committees

H30-10. House standing committees — appointments — classification. (1) Each standing committee must be composed of an equal number of members of each political party. The Speaker shall determine the total number of members and after good faith consultation with the minority leader shall appoint the members to the standing committees.

(2) The standing committees of the House are as follows:

(a) class one committees:

(i) Appropriations;

(ii) Business and Labor;

(iii) Judiciary;

(iv) State Administration; and

(v) Taxation;

(b) class two committees:

(i) Education;

(ii) Federal Relations, Energy, and Telecommunications;

(iii) Human Services;

(iv) Natural Resources; and

(v) Transportation;

(c) class three committees:

(i) Agriculture;

(ii) Fish, Wildlife, and Parks; and

(iii) Local Government; and

(d) on call committees:

(i) Ethics;

(ii) Rules; and

(iii) Legislative Administration.

(3) A class 1 committee is scheduled to meet Monday through Friday. A class 2 committee is scheduled to meet Monday, Wednesday, and Friday. A class 3 committee is scheduled to meet Tuesday and Thursday. Unless a class is prescribed for a committee, it meets upon the call of the chair.

(4) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus provided for in 5-2-201.

(5) (a) The Democrats will chair the following standing committees: Agriculture; Appropriations; Business and Labor; Education; Fish, Wildlife, and Parks; Federal Relations, Energy, and Telecommunications; Human Services; and Rules.

(b) The Republicans will chair the following standing committees: Ethics; Judiciary; Legislative Administration; Local Government; Natural Resources; State Administration; Taxation; and Transportation.

(c) The Speaker shall appoint the Democratic committee chairmen and vice chairmen and the minority leader, in consultation with the Speaker, shall appoint the Republican committee chairmen and vice chairmen. The power to remove a chairman, vice chairman, or member from a committee resides in the Speaker for Democratic members and with the minority leader for Republican members.

(6) There will be six subcommittees of the Committee on Appropriations. The Democrats will chair the subcommittees on Education, General Government and Transportation, Health and Human Services, and Natural Resources. The Republicans will chair the subcommittees on Corrections and Long-Range Planning.

(7) The Speaker shall give notice of each appointment to the Chief Clerk for publication.

(8) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee. Select committees may request or receive legislation in the same manner as a standing committee and are subject to the rules of standing committees.

H30-20. Chairman's duties. (1) The principal duties of the chairman of standing or select committees are to:

(a) preside over meetings of the committee and to put all questions;

(b) maintain order and decide all questions of order subject to appeal to the committee;

(c) supervise and direct staff of the committee;

(d) have the committee secretary keep the official record of the minutes;

(e) sign reports of the committee and submit them promptly to the Chief Clerk;

(f) appoint subcommittees to perform on a formal or an informal basis as provided in subsection (2); and

(g) inform the Speaker of committee activity.

(2) With the exception of the House Appropriations subcommittees, a subcommittee of a standing committee may be appointed by the chairman of the committee. A subcommittee must be composed of an equal number of members from each political party. The chairman of the standing committee shall appoint the chairman of the subcommittee.

H30-30. Quorum — officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee directed to and with the approval of the Speaker.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the recording log, sufficient to serve as an index to the original recording; and

(g) testimony and exhibits submitted in writing.

H30-50. Procedures. (1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent. The chairman shall attempt to not schedule Senate bills while the Senate is in session.

(3) The committee shall act on each bill in its possession:

(a) by reporting the bill out of the committee:

(i) with the recommendation that it be referred to another committee;

(ii) favorably as to passage; or

(iii) unfavorably; or

(b) by tabling the measure in committee.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar. A tie vote in a standing committee on the question of a recommendation to the whole House on a matter before the committee, for example on a question of whether a bill is recommended as "do pass" or "do not pass", does not result in the matter passing out to the whole House for consideration without recommendation.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the House that are formally adopted when the committee report is accepted by the House.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) Any legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee

to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy, using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is allowed only at the discretion of the chairman.

CHAPTER 4

Legislation

H40-10. Introduction deadlines. If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and

apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the legislation.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

H40-40. Introduction — receipt. (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity to the committee jurisdiction.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

H40-80. Rereferral — normal progression. (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

(3) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce

consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading. (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed. If a motion to recommend that a bill "do not pass" or "be not concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do pass" or "be concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered or unless the legislation is rereferred to a committee.

H40-150. Amendments in the Committee of the Whole. (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

H40-160. Motions in the Committee of the Whole. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) reconsider;

(e) pass consideration;

(f) call for cloture;

(g) rise, rise and report, or rise and report progress and beg leave to sit again; and

(h) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(d) through (1)(g) are nondebatable but may be amended. Once a motion under subsection (1)(b) or (1)(c) is made, a contrary motion is not in order.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may not conduct business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) Except as provided in H40-180, a representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) After at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation that has passed second reading, as amended, has been correctly engrossed, it must be placed on third reading on the following legislative day. If the bill is not amended, the bill must be sent to printing and must be placed on third reading on the legislative day after receipt. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day. For the purposes of this rule, "engrossing" means placing amendments in a bill. (See Joint Rule 40-150.)

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and joint resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The Speaker may rerefer House legislation with Senate amendments to a committee for a hearing if the Senate amendments constitute a significant change in the House

legislation. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

(4) Conference committees must be composed of an equal number of members from each political party. The members of conference committees must be appointed by the Speaker and the minority leader after good faith consultation. The Speaker and the minority leader shall appoint the members of their respective parties.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3. A tie vote in a conference committee on the question of a recommendation to the whole House on a matter referred for a conference results in the matter passing out to the whole House for consideration without recommendation.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation. (See Joint Rule 40-160.)

H40-250. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 5

Floor Actions

H50-10. Attendance. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by the representative's party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may not conduct business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-40. Call of the House with a quorum. (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-50. Leave with cause. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

H50-60. Opening and order of business. The opening of each legislative day must include an invocation, the pledge of allegiance, and roll call. Following the opening, the order of business of the House is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Senate;

(5) messages from the Governor;

(6) first reading and commitment of bills;

(7) second reading of bills;

(8) third reading of bills;

(9) motions;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

H50-70. Motions. (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

H50-80. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

H50-90. Nondebatable motions. (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for parliamentary inquiry;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(g) to amend a nondebatable motion;

(h) to divide a question;

(i) to suspend the rules;

(j) all incidental motions, such as motions relating to voting or of a general procedural nature; and

(k) to appeal a call to order.

H50-100. Questions. A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-50.

H50-110. Amending motions — limitations. (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

H50-120. Substitute motions. (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for a question of privilege;

(e) to table;

(f) to call for the previous question or cloture;

(i) to propose amendments.

(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.

(3) (a) Except as provided in subsection (3)(b), no more than one substitute motion is in order at any one time.

(b) A motion for cloture is in order on a substitute motion to amend.

H50-130. Withdrawing motions. A representative who proposes a motion may withdraw it before it is voted on or amended.

H50-140. Dividing a question. Except as provided in H40-180(3), a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed.

H50-150. Previous question. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

H50-160. Questions requiring other than a majority vote. The following questions require the vote specified for each condition:

(3) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.

(4) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.

(5) A motion for reconsideration is not in order on a vote to postpone to a day certain or to table legislation.

(6) There may be only one reconsideration vote on a specific issue on a legislative day.

H50-180. Renewing procedural motions. The House may renew a procedural motion if further House business has intervened.

H50-190. Tabling. (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.

H50-210. Changing a vote. (1) A representative may move to change the representative's vote within 1 legislative day of the vote. The motion is nondebatable. The motion must be made on Order of Business No. 9, motions. All of the members present and voting are required to consent to the change in order for it to be effective.

(2) The representative making the motion shall first specify the bill number, the question, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation.

(4) An error caused by a malfunction of the voting system may be corrected without a vote.

H50-220. Absentee votes. (1) An excused representative may file an absentee vote authorization form to vote during the excused absence on any vote for which absentee voting is allowed.

H50-250. Adjournment sine die. A representative may move that the House adjourn for the session. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

CHAPTER 6

Motions

H60-10. Proposal for consideration. (1) Every question presented to the House or a committee must be submitted as a definite proposition.

(2) A representative has the right to understand any question before the House and, under the authority of the presiding officer, may ask questions to exercise this right.

H60-20. Nondebatable motions. The following motions, in addition to any other motion specifically designated, must be decided without debate:

(1) to adjourn;

(8) to divide a question;

(9) to suspend the rules; and

(10) all incidental motions, such as motions relating to voting or of a general procedural nature.

H60-30. Motions allowed during debate. (1) When a question is under debate, only the following motions are in order. The motions have precedence in the following order:

(a) to adjourn;

(b) for a call of the House;

(2) This section does not allow a motion that would not otherwise be allowed under a particular order of business.

(3) Only one substitute motion is in order at any time.

H60-40. Motions to adjourn or recess. (1) A motion to adjourn or recess is always in order, except:

(a) when the House is voting on another motion;

(b) when the previous question has been ordered and before the final vote;

(c) when a member entitled to the floor has not yielded for that purpose; or

(d) when business has not been transacted after the defeat of a motion to adjourn or recess.

(2) The vote by which a motion to adjourn or recess is carried or fails is not subject to a motion to reconsider.

H60-50. Motion to table. (1) A motion to table, if carried, has the effect of postponing action on the proposition to which it was applied until superseded by a motion to take from the table.

(2) The vote by which a motion to table is carried or fails cannot be reconsidered.

(3) A motion to table is not in order after the previous question has been ordered.

H60-60. Motion to postpone. A motion to postpone to a day certain may be amended and is debatable within narrow limits. The merits of the proposition that is the subject of the motion to postpone may not be debated.

H60-70. Motion to refer. When a motion is made to refer a subject to a standing committee or select committee, the question on the referral to a standing committee must be put first.

H60-80. Terms of debate on motion to refer or rerefer. (1) A motion to refer or rerefer is debatable within narrow limits. The merits of the proposition that is the subject of the motion may not be debated.

(2) A motion to refer or rerefer with instructions is fully debatable.

H60-100. Moving the previous question after a motion to table. (1) If a motion to table is made directly to a main motion, a motion for the previous question is not in order.

(2) If an amendment to a main motion is pending and a motion to table is made, the previous question may be called on the main motion, the pending amendment, and the motion to table the amendment.

H60-110. Standard motions. The following are standard motions:

(1) moving House bills or resolutions on second reading, "Mister/Madam Chairman, I move that when this committee does rise and report after having under consideration House Bill ___, that it recommend the same (do pass)/(do pass as amended)/(do not pass)."

(2) moving Senate bills and Senate amendments to House bills, "Mister/Madam Chairman, I move that when this committee does rise and report after having under consideration Senate Bill ___/Senate amendments to House Bill ___, that it recommend the same (be concurred in)/(be not concurred in)."

(3) Committee of the Whole floor amendments, "Mister/Madam Chairman, I move that House Bill ___/Senate Bill ___ be amended and request that the amendment be posted and deemed read."

(4) introducing visitors, "Mister/Madam Speaker/Chairman, I request that we be off the record and out of the journal."

(5) changing a vote, "Mister Speaker, I would like my vote changed on House Bill ___/Senate Bill ___ from (yes/no) to (yes/no). The question on the bill was ( ) with a vote tally of ____ for and ____ against."

(6) question another representative, "Mister/Madam Speaker/Chairman, would Representative ___ yield to a question?"

CHAPTER 7

Rules

H70-10. House rules. (1) The House may adopt, through a House resolution passed by a majority of its members, rules to govern its proceedings.

(2) After adoption of the House rules, two-thirds of the representatives voting must vote in favor of the question to amend the rules.

(3) The Speaker shall refer to the House Rules Committee all resolutions for House rules.

(4) The House Rules Committee shall report all resolutions for House rules within 1 legislative day of referral.

H70-20. Tenure of rules. Rules adopted by the House remain in effect until removed by House resolution or until a new House is elected and takes office.

H70-30. Suspension of rules. The House may suspend a House rule on a motion approved by not less than two-thirds of the members voting.

H70-40. Supplementary rules. Mason's Manual of Legislative Procedure (2000) governs House proceedings in all cases not covered by House rules.

H70-50. Interpreting rules. The Speaker shall interpret all questions on House rules, subject to appeal by any 15 representatives to the House Rules Committee. Unless the delay would cause legislation to fail to meet a scheduled deadline, the House Rules Committee may consider and report on the appeal on

the next legislative day. The decision of the House Rules Committee may be appealed to the House by any representative.

H70-60. Joint rules superseded. A House rule, insofar as it relates to the internal proceedings of the House, supersedes a joint rule.

SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ADOPTING THE JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

JOINT RULES OF THE MONTANA SENATE AND HOUSE OF REPRESENTATIVES

CHAPTER 10

Administration

10-10. Time of meeting. Each house may order its time of meeting.

10-20. Legislative day — duration. (1) If either house is in session on a given day, that day constitutes a legislative day.

(2) A legislative day for a house ends either 24 hours after that house convenes for the day or at the time the house convenes for the following legislative day, whichever is earlier.

10-30. Schedules. The presiding officer of each house shall coordinate its schedule to accommodate the workload of the other house.

10-40. Adjournment — recess — meeting place. A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any

place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)).

10-50. Access of press. Subject to the presiding officer's discretion on issues of decorum and order, an accredited press representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

10-60. Conflict of interest. A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house to which the member belongs. (section 2-2-112, MCA)

10-70. Telephone calls and internet access. (1) Long-distance telephone calls made by a member while the Legislature is in session or while the member is in travel status are considered official legislative business. These include but are not limited to calls made to constituencies, places of business, and family members. A member's access to the internet through a permissible server is a proper use of the state communication system if the use is for legislative business or is within the scope of permissible use of long-distance telephone calls.

(2) Session staff, including aides and interns, may use telephones for long-distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones and internet access by their staff, including aides and interns, and may not authorize others to use state phones or state servers to access the internet.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

10-80. Joint employees. The presiding officers of each house, acting together, shall:

(1) hire joint employees; and

(2) review a dispute or complaint involving the competency or decorum of a joint employee, and dismiss, suspend, or retain the employee.

10-85. Harassment prohibited. (1) Legislators and legislative employees have the right to work free of harassment on account of race, color, sex, culture, social origin or condition, or religious ideas when performing services in furtherance of legislative responsibilities, whether the offender is an employer, employee, legislator, lobbyist, or member of the public.

(2) A violation of this policy must be reported to the party leader in the appropriate house if the offended party is a legislator or to the presiding officer if the offended party is the party leader. The presiding officer may refer the matter to the rules committee of the applicable house, and the offender is subject to discipline or censure, as appropriate.

(3) If the offended party is an employee of the house of representatives or the senate, the violation must be reported to the employee's supervisor or, if the offender is the supervisor for the house of representatives or the senate, the report should be made to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a permanent legislative employee, the report should be made to the employee's supervisor or, if the offender is the supervisor, to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(4) If the offended party is a supervisor for the house of representatives or the senate, the violation must be reported to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a supervisor of permanent legislative employees, the violation must be reported to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(5) The chief clerk or the secretary shall report the violation to the presiding officer. The presiding officer may refer the matter to the rules committee. If the offender is an employee or supervisor, the employee or supervisor is subject to discipline or discharge.

10-90. Legislative interns. Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

10-100. Legislative Services Division. (1) The staff of the Legislative Services Division shall serve both houses as required.

(2) Staff members shall:

(a) maintain personnel files for legislative employees; and

(b) prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report.

(3) The Legislative Services Division shall train journal clerks for both houses.

10-120. Engrossing and enrolling staff — duties. (1) The Legislative Services Division shall provide all engrossing and enrolling staff.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(ii) errors in numbering sections;

(iii) additions or deletions of underlining or lines through matter to be stricken;

(iv) material copied incorrectly from the Montana Code Annotated;

(v) errors in outlining or in internal references;

(vi) an error in a title caused by an amendment;

(vii) an error in a catchline caused by an amendment;

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House, who shall give notice to the sponsor of the bill or amendment. The form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing with the

Secretary of the Senate or the Chief Clerk of the House by the end of the next legislative day following receipt of the notice. The Senate or House shall vote on whether or not to uphold the objection. If the objection is upheld, the Secretary of the Senate or the Chief Clerk of the House shall notify the Executive Director of the Legislative Services Division, and the engrossing staff shall change the bill to remove the correction or corrections to which the objection was made.

(4) For the purposes of this rule, "engrossing" means placing amendments in a bill.

10-130. Bills. (1) A bill must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) backed with a page of substantial material that includes spaces for notations for tracking the progress of the bill; and

(d) introduced. Introduction constitutes the first reading of the bill.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title.

(5) Introduced bills must be reproduced on white paper and distributed to members.

(6) An introduced bill may not be withdrawn.

10-140. Voting. (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) This rule does not prevent a committee from tabling a bill proposing an amendment to The Constitution of the State of Montana.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made available to the public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

(2) (a) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(i) amend;

(ii) recommend passage or nonpassage;

(iii) recommend concurrence or nonconcurrence; or

(iv) indefinitely postpone.

(b) The text of all proposed amendments in Committee of the Whole must be recorded.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society. If electronically recorded minutes are kept for a committee, a written log conforming to section 2-3-212(2), MCA, must also be kept.

10-160. Journal. Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) make a daily journal available to all members.

10-170. Journals — authentication — availability. (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives must be authenticated by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public (sections 5-11-201 through 5-11-203, MCA).

CHAPTER 30

Committees

30-10. Joint committee chair. Except as provided in Joint Rule 30-50 concerning the joint meetings of the Senate Finance and Claims Committee and the House Appropriations Committee, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees. (1) If either house requests a conference committee and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered. A conference committee meeting must be conducted as an open meeting, and minutes of the meeting must be kept.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as provided in subsection (1). A free conference committee may discuss and propose amendments to a bill in its entirety and is not confined to a particular amendment. However, a free conference committee is limited to consideration of amendments that are within the scope of the title of the introduced bill.

30-40. Conference committee — enrolling. A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of appropriation bills. (1) All general appropriation bills must first be considered by a joint subcommittee composed of designated members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each committee separately.

(2) Joint meetings of the House Appropriations Committee and the Senate Finance and Claims Committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

30-60. Estimation of revenue. The Revenue and Transportation Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature. (5-5-227, MCA)

30-70. Appointment of interim committees. As provided for in section 5-5-211(6), MCA, 50% of interim committees must be selected from the following legislative standing committees:

(1) Economic Affairs Interim Committee:

(a) Senate Agriculture, Livestock, and Irrigation Committee;

(b) Senate Business, Labor, and Economic Affairs Committee;

(c) Senate Finance and Claims Committee;

(d) House Agriculture Committee;

(c) House Judiciary Committee; and

(d) House Appropriations Committee;

(5) Revenue and Transportation Interim Committee:

(a) Senate Taxation Committee;

(c) Senate Finance and Claims Committee;

(d) House Taxation Committee;

(e) House Transportation Committee; and

(f) House Appropriations Committee;

(6) State Administration and Veterans' Affairs Interim Committee:

CHAPTER 40

Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed in the joint resolution (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures. (1) Prior to a regular session, a person entitled to serve in that session, referred to as a "member", or a legislative committee is entitled to request bill drafting services from the Legislative Services Division, subject to the following limits:

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator. The requestor must pick up the bill and sign a receipt indicating delivery of the bill and may either introduce the bill or give the bill to another legislator for introduction.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) (a) Except as provided in subsection (2)(b) or this subsection, the staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. The Speaker of the House, the minority leader of the House, the President of the Senate, and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 10 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House.

(b) Except for bill draft requests described in subsection (1)(d)(iii), if a draft bill has not been received by the Legislative Services Division by November 15 for a bill by request of an agency or entity, the draft loses its priority under this rule.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form.

The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall print and deliver them to the requesting members. The original bill back must be signed to indicate review by the Legislative Services Division. A bill may not be introduced unless it is so signed.

(4) (a) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name, and the chief sponsor may not be changed. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Any bill proposed by an interim or statutory legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the..... (Name of committee or agency)". The phrase may not be added to an introduced bill and may not be placed on a bill whose subject matter was requested by an agency or statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction must occur no later than 5 p.m. on December 15th prior to the convening of a regular legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) The preintroduction requirement does not apply to an office held by an elected official during the official's first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue.

(6) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the bill following standing committee approval.

40-50. Schedules for drafting requests and bill introduction. (1) The following schedule must be followed for submission of drafting requests.

	Request Deadline 5:00 P.M. Legislative Day
• General Bills and Resolutions	10
• Revenue Bills	17

• Committee Bills and Resolutions	36

• Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules	No Deadline

(2) Bills and resolutions must be introduced within 2 legislative days after delivery. Failure to comply with the introduction deadline results in the bill draft being canceled.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) recognize relations with other governments, sister states, political subdivisions, or similar governmental entities;

(c) request, but not require, a legislative entity to conduct an interim study;

(d) adopt, amend, or repeal the joint rules;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(g) submit a negotiated settlement under section 39-31-305(3), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution;

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana; or

(k) approve the organization of a new community college district under section 20-15-209, MCA.

(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies. A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the

study. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

40-70. Bills with same purpose — vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills — original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-100. Fiscal notes. (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's

chief sponsor of the completed fiscal note and request the chief sponsor's signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes must be reproduced and placed on the members' desks, either with or without the chief sponsor's signature.

(6) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) A fiscal note also may be requested, through the presiding officer, on a bill and on an amended bill by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor.

(9) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(10) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note or, if required, an updated fiscal note reflecting committee action.

40-110. Sponsor's fiscal note. (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Services Division shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title. Introduction constitutes the first reading of the bill.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, copies of the reference bill must be distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly

enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

(3) Transmitted bills must be referred to committee and scheduled for hearing.

40-200. Transmittal deadlines. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills, bills implementing the general appropriations bill, the revenue estimating resolution, interim study resolutions, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills must be transmitted to the other house on or before the 71st legislative day.

(ii) Amendments to revenue bills, received from the other house, must be transmitted to the house of origin on or before the 82nd legislative day.

(iii) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the House no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor's veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment. (1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor's recommendations for amendment must be considered first by the house in which the bill originated.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Services Division shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

60-40. Tenure of joint rules. The joint rules remain in effect until removed by a joint resolution or until a new Legislature is elected and takes office.

SENATE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING 24-HOUR COMMERCIAL SERVICE AT THE PORT OF ENTRY-TURNER.

WHEREAS, there is only one 24-hour commercial entry on the border between the State of Montana and the Canadian Province of Saskatchewan; and

WHEREAS, there is an escalating amount of commercial traffic serving the oil sands region in Canada and newly developed oil fields in the Bakken formation in Montana, as well as traffic serving other commercial opportunities in Saskatchewan, Alberta, and Manitoba; and

WHEREAS, increases in commercial traffic also include manufacturers and suppliers located in the midwestern, southern, and western United States hauling freight to Saskatchewan, Alberta, and Manitoba; and

WHEREAS, an organization promoting rural development in Saskatchewan and Montana has asked the province's government to encourage the use of

Saskatchewan's Highway 37 from the Port of Entry-Turner/Port of Climax and Highway 4 north of Swift Current to Saskatoon as an alternate north-south transportation corridor from the United States; and

WHEREAS, Saskatchewan Highway 37 connects to Montana Secondary Highway 241 at the Port of Entry-Turner, which serves as an arterial connector to U.S. Highway 2 at Harlem, with U.S. Highway 2 connecting to Interstate 15 at Shelby, and Montana Secondary Highway 241 also leads to Montana Highway 66 at Fort Belknap, which connects to U.S. Highway 191 and eventually to Interstate 90 at Billings; and

WHEREAS, the practicality of developing this trade corridor is contingent on a 24-hour border crossing facility at the Port of Entry-Turner; and

WHEREAS, 24-hour service at the Port of Entry-Turner and the development of an alternate trade corridor between Montana and Saskatchewan would remove a trade and travel barrier for development of oil and gas, coal, bioenergy, wind, agriculture, tourism, and other industries that require efficient access to markets, thus encouraging new investment and thereby supporting the economic development vision for Montana by promoting investment in central and eastern Montana, including five of the state's Indian reservations; and

WHEREAS, Montana State University-Northern in Havre could see a significant influx of students from southwestern Saskatchewan; and

WHEREAS, a central and inexpensive upgraded commercial port at the Port of Entry-Turner would enhance security surveillance of the border both east and west of this location.

That the House of Representatives and the Senate of the State of Montana urge Governor Schweitzer and Montana's Congressional Delegation, as well as the Governor's Office of Economic Development and the Montana Department of Transportation, to work with the U.S. Department of Homeland Security and the Federal Highway Administration to develop 24-hour commercial service at the Port of Entry-Turner and to fund the necessary expansion of infrastructure that would make that service possible.

SENATE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING SUPPORT FOR THE DECISION BY THE UNITED STATES FISH AND

WILDLIFE SERVICE TO DELIST THE GRAY WOLF AND URGING THE MONTANA DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO DEFEND THE DECISION TO DELIST THE GRAY WOLF AGAINST ANY LEGAL CHALLENGE.

WHEREAS, in 2002, the gray wolf population in Montana, Idaho, and Wyoming achieved the biological requirement of a minimum of 30 breeding pairs and at least 300 wolves in a metapopulation in the Northern Rocky Mountains, a threshold established by the United States Fish and Wildlife Service to conclude that the gray wolf is recovered and should be delisted; and

WHEREAS, the tri-state wolf population has remained on the rise with an estimated 107 breeding pairs and 1,513 wolves total at the end of 2007, including an estimated 39 breeding pairs and 422 wolves in Montana; and

WHEREAS, the Montana Department of Fish, Wildlife, and Parks has developed a wolf management plan that is broadly supported by people in the state and has been approved by the United States Fish and Wildlife Service as a plan that will maintain a secure, viable population of gray wolves in Montana after they are removed from the federal endangered species list; and

WHEREAS, the Montana Department of Fish, Wildlife, and Parks is committed to the recovery of the gray wolf and is prepared to assume full responsibility for the management of this native species; and

WHEREAS, state management of the gray wolf is the preferred alternative to federal management of resident wildlife; and

WHEREAS, the United States Fish and Wildlife Service first delisted the gray wolf, effective March 28, 2008, but its decision was prevented from taking effect when the United States District Court in Missoula enjoined the decision on July 18, 2008, and the United States Fish and Wildlife Service requested that the court vacate the final federal rule to delist the gray wolf and remand it back to the service, a request granted by the court on October 14, 2008, officially relisting the gray wolf as an endangered species; and

WHEREAS, the United States Fish and Wildlife Service has completed the reevaluation of its proposal to delist the gray wolf, has reevaluated the wolf management plans proposed by the states of Montana, Wyoming, and Idaho that would take effect upon delisting, has accepted public comment on those plans, has determined that, although Wyoming's plan is not sufficient to conserve Wyoming's portion of the recovered Northern Rockies wolf population, the plans of Montana and Idaho are sufficient to again delist the gray wolf in Montana and Idaho; and

WHEREAS, President Barack Obama put a hold on certain policy decisions made by the administration of former President George W. Bush, including the decision to delist the gray wolf, so that they could be reviewed; and

WHEREAS, on March 6, 2009, the administration of President Barack Obama affirmed the decision of the United States Fish and Wildlife Service to delist the gray wolf; and

WHEREAS, the decision by the United States Fish and Wildlife Service to again delist the gray wolf is expected to face legal challenges and be delayed in court.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 61st Legislature:

(1) energetically supports the transfer of management of the gray wolf to the state of Montana;

(2) defends the efforts of the Montana Department of Fish, Wildlife, and Parks and the United States Fish and Wildlife Service to remove the gray wolf from the federal and state endangered species lists;

(3) urges President Barack Obama and his administration to fully implement the decision of the United States Fish and Wildlife Service to delist the gray wolf because the population is recovered and Montana's plan and laws to manage wolves are federally approved and will maintain a recovered, delisted population;

(4) if the decision to delist the gray wolf is challenged in court, urges the Montana Department of Fish, Wildlife, and Parks to vigorously defend its actions and information used to support the delisting of the gray wolf; and

(5) should the decision to delist the gray wolf be overturned in court, urges the Montana Department of Fish, Wildlife, and Parks to find a viable proposal to delist the gray wolf as soon as possible.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Montana Congressional Delegation, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of the Interior, and the Director of the United States Fish and Wildlife Service.

WHEREAS, while the exact number of uninsured motorists is difficult to ascertain by the very nature of the noncompliance with state law, the number of motorists without insurance in Montana is unacceptably high; and

WHEREAS, the high cost of mandatory vehicle insurance is making compliance by low-income households very difficult and the purchase of adequate coverage above the required limits financially difficult for those who do buy insurance; and

WHEREAS, fines, punishment, loss of driving privileges, and other penalties often result in loss of employment and produce a further stress on law enforcement and social services and yet increased compliance is not being achieved; and

WHEREAS, a public policy resolution to this situation is difficult to achieve within the confines of a legislative session; and

WHEREAS, it is the duty of the Legislature to take those actions necessary, legislative or otherwise, to promote increased adherence to current state law in the interest of public health, economic viability, and safety.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

Russell National Wildlife Refuge (CMR), for the conservation and development of natural wildlife resources and for the protection and improvement of public grazing lands and natural forage resources; and

WHEREAS, Montana conservation districts are political subdivisions of the State of Montana, authorized by the Legislature in 1939, whose primary

function is to conduct local activities to promote the conservation of natural resources in the district; and

WHEREAS, land management approaches used on the CMR directly impact adjacent private lands; and

WHEREAS, wildlife managed on the CMR consistently travel outside the refuge onto private land, creating environmental and economic impacts such as the spread of disease and noxious weeds; and

WHEREAS, the availability of livestock grazing on the CMR greatly influences private land use, conservation practices, and local economies surrounding the CMR; and

WHEREAS, weed infestations originating on the CMR are spread to and have negative impacts on surrounding private land; and

WHEREAS, the U.S. Fish and Wildlife Service is drafting a comprehensive conservation plan for the CMR that will guide the agency's management actions through 2025; and

WHEREAS, final CMR management decisions are made by U.S. Fish and Wildlife Service staff in Denver, Colorado, but the staff is not directly impacted by those management decisions, while owners of private land surrounding the refuge who are represented by Montana conservation districts, are directly impacted by those management decisions.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the State of Montana formally requests that the U.S. Fish and Wildlife Service manage the Charles M. Russell National Wildlife Refuge in a manner that is consistent with the enabling legislation, taking into account local natural resource conservation needs.

BE IT FURTHER RESOLVED, that the U.S. Fish and Wildlife Service be urged to conduct more open and timely communication with Montana conservation districts surrounding the Charles M. Russell National Wildlife Refuge in developing the comprehensive conservation plan and in managing and conserving the natural resources of the refuge in a manner that is sensitive to the impacts of the refuge on owners of adjacent private land.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO EXAMINE THE RETENTION AND PRESERVATION OF BIOLOGICAL EVIDENCE BY STATE AND LOCAL LAW ENFORCEMENT AGENCIES.

WHEREAS, the value of properly preserved biological evidence has been enhanced by the discovery of modern DNA testing methods, which allow law enforcement to improve its crime-solving potential; and

WHEREAS, simple but crucial enhancements to protocols for properly preserving biological evidence can solve old crimes, enhance public safety, and settle claims of innocence.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the retention and preservation of biological evidence by state and local law enforcement agencies, including:

SENATE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO EXAMINE THE PREMIUM COST DRIVERS IN MONTANA'S WORKERS' COMPENSATION SYSTEM AND LAWS RELATED TO THE MONTANA STATE FUND AND TO PROPOSE LEGISLATION FOR CONSIDERATION BY THE 62ND LEGISLATURE TO ADDRESS THE PREMIUM COST DRIVERS AND THE MONTANA STATE FUND.

WHEREAS, Montana has the second highest workers' compensation premium rates in the nation, according to the 2008 Oregon Workers' Compensation Premium Rate Ranking Summary; and

WHEREAS, Montana recorded 6.3 injuries for every 100 full-time equivalent workers in 2007 or 1.5 times the comparable national data of 4.2 injuries for every 100 full-time equivalent workers; and

WHEREAS, Montana's medical costs account for 69% of benefit dollars, according to the National Council for Compensation Insurance State Advisory Forum Report, 2008, and in 2004 Montana's medical benefits were more than 77% greater than the national average, ranking Montana second of 46 jurisdictions surveyed nationwide for the share of medical benefits in workers' compensation costs; and

WHEREAS, the time spent off work after an injury is 26% higher in Montana than the national average, according to the National Council for Compensation Insurance State Advisory Forum Report, 2008; and

WHEREAS, the Labor-Management Advisory Council on Workers' Compensation consisting of equal representation of the two primary workers' compensation stakeholders groups, namely management and labor, was formed in December 2006 under agency order by the Commissioner of Labor and Industry and was commissioned to identify and research the primary cost drivers in workers' compensation; and

WHEREAS, a February 2009 Legislative Audit Division report concluded that legal compliance risks faced by the Montana State Fund may be higher because of an internal and external lack of regulatory oversight mechanisms, which is of potential significance because of Montana State Fund's current market dominance of 67% of a market that is shared with private carriers providing workers' compensation insurance, excluding self-insured employers; and

WHEREAS, statutory direction for the Montana State Fund to operate as a self-sustaining business in a manner similar to that of a privately operated mutual insurance business has resulted in the Montana State Fund developing compensation and incentive plans and premium and other performance measures similar to those of private companies.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to conduct a review of Montana's workers' compensation premium cost drivers as compared to premium cost drivers in other Western states with similar industries. The review is to include:

(1) the frequency of claims by types of claims;

(2) medical costs, in particular:

(a) duration and availability of and access to medical treatments;

(b) use of utilization and treatment guidelines and their effectiveness in other jurisdictions; and

(c) evaluation of the impact on cost containment and access to medical treatment resulting from changes to medical fee schedules implemented by the department of labor and industry in 2007 and 2008;

(3) research and analysis on whether Montana should include presumptions regarding occupational diseases associated with specific occupations;

(4) recommendations on the appropriate payment of attorney fees in cases involving medical benefits;

(5) evaluation of and recommendations on exemptions in workers' compensation;

(6) structural issues in Montana, particularly as they relate to the three-tiered system involving self-insurers, private carriers, and the Montana State Fund.

BE IT FURTHER RESOLVED, that the study identify any additional areas that impact premium cost drivers and request the Labor-Management Advisory Council on Workers' Compensation to research these areas and the interaction between workers and employers that may affect the premium cost drivers.

BE IT FURTHER RESOLVED, that the study incorporate reports from the Labor-Management Advisory Council and stakeholders involved in workers' compensation insurance, including injured workers, attorneys or other representatives for injured workers, insurers, and employers, and that the material from the study be compiled into a report and draft legislation for consideration by the 62nd Legislature.

BE IT FURTHER RESOLVED, that the study examine the operation and structure of the Montana State Fund, the Montana State Fund's relationship with state government and other insurers, and state oversight of the Montana State Fund.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2010.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 62nd Legislature.

BE IT FURTHER RESOLVED, that the Legislative Council assign the study to the Children, Families, Health, and Human Services Interim Committee and that this be the primary study assigned to the committee so that committee members can focus on health care.

BE IT FURTHER RESOLVED, that the study engage the public and relevant stakeholders in discussions related to health care policies and to any resulting strategies designed to provide residents with access to quality health care services at affordable costs.

BE IT FURTHER RESOLVED, that the study work with the public and relevant stakeholders to make serious recommendations on ways to reduce the costs of health care.

SENATE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE FILING OPTIONS FOR MARRIED TAXPAYERS UNDER MONTANA'S INDIVIDUAL INCOME TAX LAW.

WHEREAS, it is generally advantageous for married taxpayers to file a joint return for federal income tax purposes; and

WHEREAS, most states require married taxpayers to file state individual income tax returns using the same filing status that they use in filing federal income tax returns; and

WHEREAS, Montana is one of the few states that allow married taxpayers to file separately on the same tax form; and

WHEREAS, married taxpayers filing separately on the same tax form in Montana could not use certain federal tax deductions that were allowed married taxpayers filing jointly; and

WHEREAS, the Montana Legislature had to enact legislation to specifically allow these federal deductions on the state tax return; and

WHEREAS, the different individual income tax filing methods for married taxpayers contribute to the complexity of compliance with and administration of the state's individual income tax laws; and

WHEREAS, the Montana Legislature has not undertaken a systematic evaluation of the effects of allowing married taxpayers to file separately on the same form.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review the rationale for allowing married taxpayers in Montana to file separately on the same form and review the legislative history related to how married taxpayers may choose to file individual income tax returns;

(2) evaluate the benefits and drawbacks of revising the method for filing individual income tax returns by married taxpayers, including an analysis of changes to tax rate schedules if the existing method of filing were changed; and

(3) consider policy options related to the filing method used by married taxpayers.

SENATE JOINT RESOLUTION NO. 39

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM LEGISLATIVE STUDY OF DRIVING UNDER THE INFLUENCE OF ALCOHOL OR DRUGS IN MONTANA.

WHEREAS, Montana law prohibits individuals from driving under the influence of alcohol or drugs; and

WHEREAS, Montana law in this area has become a complex patchwork of statutes arising from federal mandates, initiatives by legislators or task forces, and case-specific circumstances; and

WHEREAS, law enforcement officers, prosecutors, public defenders, courts, addiction counselors, treatment professionals, probation officers, and driver control analysts struggle to interpret these statutes and apply the results to the wide range of circumstances that these offenders present; and

WHEREAS, first-time convictions of driving under the influence rose 19% from 2004 to 2008; and

WHEREAS, there was a 16% increase in repeat offenses from 2004 to 2008, including second or subsequent DUI and felony DUI; and

WHEREAS, implied consent refusals increased 24% from 2004 to 2008; and

WHEREAS, the Montana Highway Patrol reports that in 2007 there were 324 drivers involved in 249 fatal crashes, and 123 of those involved drivers under the influence; and

WHEREAS, the Montana Highway Patrol reports that in 2007 there were 9,541 drivers involved in injury crashes, and 1,161 of those involved drivers under the influence; and

WHEREAS, Montana continues to see an increase of 3% to 5% each year since 2000 in driving under the influence convictions; and

WHEREAS, statistical analysis suggests that the conviction-to-arrest rates in Montana may be as low as 1 to 1.5 and as high as 1 to 6; and

WHEREAS, a Montana Highway Patrol survey shows 96% of Montanans think that driving under the influence is a problem; and

WHEREAS, it is the duty of the Legislature to protect the safety of the public on public highways.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to 5-5-217, MCA, or direct sufficient staff resources to study the issue of driving under the influence of

alcohol or drugs generally and determine any legislation that might augment current law to reduce the incidence of this crime. The study should:

(1) identify strengths and weaknesses in Montana's driving under the influence statutes, as well as possible alternative penalty and enforcement provisions or new technologies that might aid Montana's enforcement of driving under the influence laws and reduce the incidence of repeat offenses;

(2) examine laws and enforcement practices in other states, including license suspensions, technology, and available resources;

(3) examine Montana's current rates of incarceration due to driving under the influence convictions, current incarceration and treatment capacities, and possible alternatives; and

(4) analyze whether there is a culture of acceptance of driving under the influence in Montana that might account for the prevalence of driving under the influence problems in Montana and what, if anything, the Legislature might do to address the issue.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2010.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 62nd Legislature.

The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus provided for in 5-2-201.

S30-40. Ex officio members — quorum. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(d) all motions and their disposition;

(e) the results of all votes; and

(f) all testimony and exhibits.

(9) If a bill is heard in a joint committee, it must be referred to a standing committee. The standing committee is not required to hold an additional hearing but shall take executive action and may report the bill to the committee of the whole.

(10) A bill or resolution may not be considered or become a law unless referred to a committee and returned from a committee.

(11) A bill may be rereferred at any time before its passage.

S30-70. Procedures. (1) The chair shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(7) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(8) The vote of each member on all committee actions must be recorded and reported in the committee minutes. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(9) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(10) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(11) A committee may reconsider any action as long as the matter remains in the possession of the committee. A bill is in the possession of the committee until a report on the bill is made to the committee of the whole. A committee member need not have voted with the prevailing side in order to move reconsideration.

(15) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

S30-80. Public testimony. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing, subject to time constraints. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chair may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chair. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chair shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chair may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is at the discretion of the chair.

S30-100. Pairs prohibited — absentee or proxy voting. Pairs in standing committee are prohibited. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia while engaged in other legislative business. Authorization for absentee or proxy voting must be reflected in the committee minutes.

S30-160. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. The issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:

(1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation. Legislation properly introduced or received in the Senate must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a Senator may question adherence to rules. Acknowledgment by the Secretary of the Senate of receipt of legislation transmitted from the House commences the time limit for consideration of the legislation. All legislation received by the Senate may be referred to a committee prior to being read across the rostrum.

(2) Bills and resolutions preintroduced as provided in Joint Rule 40-40 may be assigned to committee and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

(4) The sponsor may ask the Legislative Services Division to change or correct a short title used on the bill status system.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

S40-60. Scheduling for second reading. (1) All bills and resolutions that have been reported by a committee or withdrawn from a committee by motion, accepted by the Senate, and reproduced must be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by

Committee of the Whole unless a printed version of an unamended bill is available.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

CHAPTER 5

Floor Action

S50-10. Attendance — mandatory voting — quorum. (1) Unless excused, Senators must be present at every sitting of the Senate and shall vote on questions put before the Senate.

(2) A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, sec. 10(2)).

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions may be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again except upon a motion of reconsideration.

(4) A motion or proposition on a subject different from that under consideration may not be accepted unless a substitute motion is in order.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess or rise;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions. (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

S50-80. Previous question. (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration. (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought.

(2) A motion to reconsider may not be withdrawn after the next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration. A motion to reconsider must be disposed of when made unless a proper substitute motion is made and adopted.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

S50-100. Dividing a question. A Senator may request to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

S50-110. Rules for questions requiring other than a majority vote. (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S50-120. Committee reports to Senate. (1) Reports of standing committees must be read on Order of Business No. 2, and, subject to subsection (4), debate may not be had on any report.

(2) On an adverse committee report, the sponsor may respond to the chair of the committee making the report.

(3) Any Senator seeking a reconsideration of the Senate's action on the adoption of a committee report shall do so on Order of Business No. 6 by motion to reconsider. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. The reconsideration motion must be made within 1 legislative day of the adoption of the committee report and is not in order if the bill has been considered in Committee of the Whole.

(4) (a) Subject to subsection (4)(b), the Rules Committee and conference committees may report at any time, except during a call of the Senate, when a vote is being taken, or during Committee of the Whole.

(b) The Rules Committee may report during Committee of the Whole on matters referred to the Committee by the Committee of the Whole.

S50-130. Conference committee reports. (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

S50-140. Second reading. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. The sponsor shall make an opening statement, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

S50-150. Committee of the Whole amendments. (1) All Committee of the Whole amendments must be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be printed in the journal, along with the name of the sponsor and the vote on each.

S50-160. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report;

(h) rise and report progress and ask leave to sit again; or

(i) change the order in which legislation is placed on the agenda.

S50-170. Committee of the Whole — generally. (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

S50-180. Voting on second reading. (1) On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-190. Third reading procedure. (1) Unless rereferred to a committee by a majority vote after the adoption of the committee of the whole report but before moving to another order of business, all legislation passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-200. Senate voting — changing a vote. (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator's vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

S50-210. Pairs. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it binds the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-220. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator may not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote of the members present.

S50-230. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

S50-240. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

S50-250. Governor's veto. (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor's veto by a two-thirds vote under Order of Business No. 6.

CHAPTER 6

Rules

S60-10. Senate rules. (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate in all cases not covered by these rules.

CHAPTER 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor must be:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee. The President of the Senate may refer any individual nomination contained in a list received from the Governor to any standing committee.

(2) The procedure in subsection (1) constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include the nominees specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been made.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator shall request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report must include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator, the committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include only the nominee so separated. When the resolution has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, an additional hearing is not required to be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) After the report has been read, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

INITIATIVE NO. 155

A LAW PROPOSED BY INITIATIVE PETITION

I-155 establishes the Healthy Montana Kids plan to expand and coordinate health coverage for uninsured children under the Children's Health Insurance Program (CHIP), the Montana Medicaid Program, and employer-sponsored health insurance. The State Health Department may: raise income eligibility

levels for children under CHIP and Medicaid; simplify transitions between CHIP and Medicaid coverage; provide assistance for children in employer-sponsored insurance; and work with health care providers, schools, organizations, and agencies to encourage enrollment of uninsured children. Funding for I-155 will come from a share of the insurance premium tax and federal matching funds.

I-155 costs an estimated $22 million of state funds, paid from the treasury with a share of current revenues from the insurance premium tax. Actual expenditures will depend on other factors, including the amount of federal matching dollars and enrollment.
